

FACE MASK UPDATE FOR STUDENTS

It was announced recently by our Premier and Chief Medical Advisor that **face masks for students in Year 3 – 6** will be mandatory indoors at school from Monday, 18th October. With the 18th fast approaching, this new requirement is shared with the community to enable families to prepare children in Years 3-6. As of Monday, we will be having to enforce facemasks indoors for all children in Years 3-6, unless a bona fide exemption is provided.

It will continue to be strongly recommended to wear masks for all other year levels – however choice is provided for our younger Prep & Year 1/2 children.

Some disposable face masks will be available at school, however, families are encouraged to provide their own that might be a better fit, custom made, more-appealing etc. Please note the piece worn should be a fitted-face-mask and not bandana-style or a face shield.
