

## SCHOOL SPORTS SELECTION PROCESS POLICY

Please note: The school will reserve the right to not select students based on their behaviour and inability to follow our School Values.

### Athletics

Students will be selected for our Cluster Athletics team based on their results from the school PE lessons. Events will be filled based on the finishing times or distances the students record.

Note: some events will have 4 qualifiers.

Note: 800m and 1500m runners will be selected based on their school Cross Country results.

### Division and Regional Athletics

Events are a progression of the previous athletics event with first and second from each event moving on to the next carnival (please note there may be some variations to this, eg: high jump has only one qualifier).

### Division School Sports Representation

Division School sports teams will be selected in the following sports: cricket, basketball, football, netball & soccer. Division teams will be selected based on observations by PE and classroom teachers. At least one selection trial for the event will be conducted by teachers with skills being broken down and assessed.

If the sport has been taught during Physical Education, the students will be scored with the following criteria: 3 being excellent, 2 being average and 1 being needs to work to develop skills. This score will be then added to the individual's total.

If two students are tied, the following guidelines will be followed:

- ✚ A Year 6 student would get preference over a Year 5 student,
- ✚ If a player is a member of a team or plays the sport outside of school they would get preference,
- ✚ If it is still tied, the decision would be left to the discretion of the teachers.

### School Sport Victoria State Representative Teams

A list of State representative sports is available on the School Sport Victoria website: [www.ssv.vic.edu.au/team-vic](http://www.ssv.vic.edu.au/team-vic)

Parents are required to pursue nomination of their child with the Principal, who must sign an approval to trial notice.
